

Special Tax Measure – Carmel Valley Fire Protection District – August 25th 2009

On Friday, May 29, 2009, the Carmel Valley Fire Protection District delivered a resolution to the Monterey County Elections Department calling for an all mail ballot election to occur on Tuesday, August 25, 2009 in order to submit a special parcel tax measure before the voters of the District. There will be no polling places established for this election as it will be conducted solely by mail.

The official ballot language of the special tax measure is as follows:

Shall a special property tax increase be approved by voters to fund the continuation of a locally controlled and operated Carmel Valley advanced life support ambulance within the Carmel Valley Fire District. This would amount to \$7.50 per service unit per year, averaging an increase of \$75 per dwelling, and a corresponding increase in the District's spending limit, as established by Carmel Valley Fire Protection District Resolution 2009-05.
